

Madam National Representative,
Dear Cinzia,

The IIW Executive Governing Body has examined the changes to the Italian Bye Laws and have approved them all except for one change you will find here below.

National Council of Italy
International Inner Wheel
RULES FOR NATIONAL COUNCIL

Page 29

The nominations to the National Council positions, ratified in the autumn District Meetings, must be submitted by October 31st to the National Council Secretary.

The terms of submission can be reopened to proceed even in supplementary elections if the office can't be filled for:

- 1. Lack of submission of nominations**
- 2. Invalidation of nominations**
- 3. Withdrawal of nominations**

This proposed change has nothing to do with traditions or customs of the country.

This is an important paragraph in the IIW Constitution & Handbook (page 39) and should not be modified by National Bye Laws.

There is always the possibility to ask the IIW Executive Governing Body for a derogation if one of the above-mentioned circumstances occurs.
